

Mayor Fires Chief Mason, Names Davis Successor

Police Chief Harold G. Mason was fired from his job last week by Mayor Raymond Toft after serving less than nine months in the post.

Toft immediately named Sgt. Jack Davis as acting chief and said he would confirm the appointment from month to month before making the job permanent at the first board meeting in May.

The firing came after Mason had told the village board members that he was leaving the post, but did not submit a formal letter of resignation. Mason was appointed to the post last May 4 after the resignation of then chief Jack Heick.

Rumors of differences between Mason and village officials was confirmed by Toft who said it was climaxed by

an article which quoted Mason as saying he was resigning and when he submitted his resignation "it would be a dilly."

"We knew that he was leaving," Toft said, "and we tried to make it as painless as possible. But when that statement appeared and it was on the radio, then we had no other choice."

Mason had been on the police force since May 1, 1963 and was promoted to sergeant on May 1, 1966.

He was quoted as saying: "A police department can only go so far, and we have gone about as far as we could. When your hands are tied you can go no further."

At the time he would not elaborate on the statement.

"We didn't like that article," Toft said, "and Mason denied that he had made the statements."

"But this situation has been coming to a head for some time and Mason ruffled the council members when he told everyone but them that he was planning to leave the force."

Toft said he considered Mason a good policeman and an excellent man for patrolman but that he "lacked leadership qualities you need in a police chief."

Mason had held the post while he was looking around for a new job.

Toft said he looked "real favorable toward the appointment of Davis as the permanent replacement."

"I am appointing him act-

ing chief," he said, "because I know that he can do the job. I will appoint him month to month because the yearly appointments come up in May."

Davis a retired Navy Chief Petty Officer, has been on the force for two years. He was appointed a sergeant and juvenile officer when Mason was promoted last May.

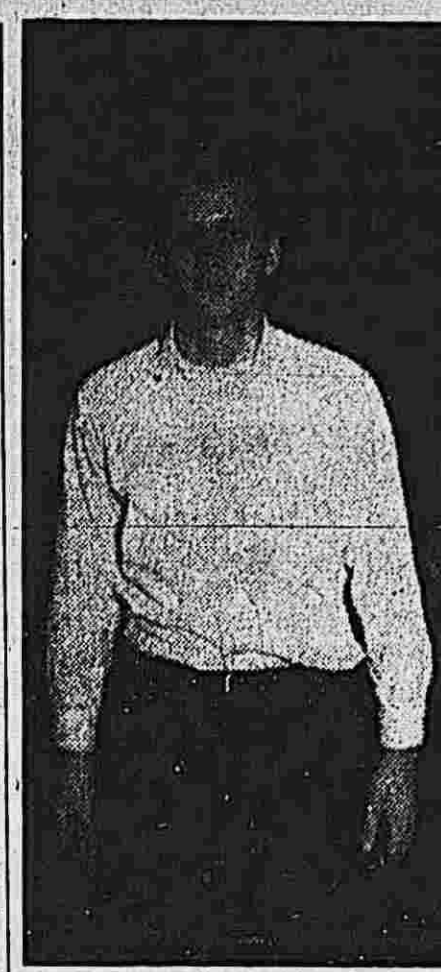

Mason, who had been in police work for 23 years, has taken a factory job. He had said that he had an applica-

tion pending in the Lake County sheriff's department.

Before coming to the Antioch force, Mason was employed by the Central Burglar Alarm Co. on Chicago's south side.

Unrest in the police department had been obvious for the past several years.

Heick gave salary and benefits as reasons for his resignation. But other members of the police force had resigned with startling regularity.

Ray Nording Back At Old Job With The Antioch News

Raymond Nording, of Round Lake Beach, a former employee of the Antioch News, is back home again after serving 13 months in Viet Nam.

Ray was with a marine helicopter squadron unit in Viet Nam and was based at Quang Tri about 10 miles from the DMZ, and also at Phu Bai.

On being interviewed, Ray said—"I felt my experience in Viet Nam was one of the best things that could have happened in making me a better person. I learned to appreciate small things that one normally takes for grant-

ed here in the United States, such as a clean bed to sleep in, good food, clean clothes, electricity, etc."

As Ray worked in Antioch, he was a recipient of Project Viet Nam packages which were greatly appreciated. He couldn't get over all the signatures on his special Project Viet Nam Christmas card.

Singapore was visited by Ray for Rest and Relaxation and he enjoyed his stay there in a modern hotel which had a swimming pool. "I found the people in Singa-

5 Sacks Of Packages Go To Viet Nam Boys

Five mail sacks of packages for Viet Nam were prepared last Thursday evening by some of the members of the Antioch Women's Club under the leadership of Mrs. Dolly Spiering, Community Service Chairman.

Post Office employees, including Postmaster Joe Wolf and Harry Brehan, and Mrs. Florence Rampp, a Viet Nam mother, and Art Doty, assisted with the preparation of this mailing, which went forward Jan. 19.

Candy and baggies for cigarettes were donated by the

Antioch Woman's Club of the Illinois Federation of Women's clubs of the Tenth District and were included in the packages sent to each service man in Viet Nam. Other items put into the packages were leather wallets, bouillon cubes, Kool Aid, flints, cigarette lighters, combs, books, pens, wrist calendars, popcorn, playing cards, writing pads and tooth paste. Postage for mailing these packages was \$75.97.

The next mailing will be Feb. 5 at 8 o'clock at St. Peter's School Hall and pack-

ing will be done by St. Peter's Altar and Rosary Society.

List of donors for Project Viet Nam as of January 19 includes:

Pickard, Inc., Corskis—Hwy. 41, Johnnie Kulick, Payless Foods, Reeves Drugs, First National Bank, State Bank, Antioch News, Mrs. Robert Hart, Mrs. Adeline Bywell, Carl Seemann, Wm. Gleason, Anne Mass, Antioch Lions Club, Charles & Leona Doerr, Santa Barbara, Calif., Mr. and Mrs. Fred Koch, Mrs. George Greslik, Anonymous.

Safety Commission Narrows Field To 3 For Ex. Director

The Lake County Safety Commission held their annual dinner meeting recently at the Parkway, Waukegan, and Chairman Harold Scheskie called the meeting to order.

Members present included Scheskie, J. C. Forney, vice-chairman; Roy Clapp, Herbert Horton, Joe O'Neill, Sr., William Sheahan, O. T. Sorlie, Harry Stern, John Thompson and Harold Wilson.

Guests were Lloyd Murrie, Chairman of the Board of

Supervisors; Bruce Frost, Chairman, Judiciary Committee; LeRoy Fritz, vice-chairman, Judiciary Committee; Ronald Coles and Samuel Smith, Judiciary Committee.

Suggestions regarding safety publicity were discussed and Sheriff Scheskie will meet with the Law Enforcement Group to discuss a meeting to run "Spotlight" with the idea of reminding motorists that they have one light or tail light out.

John Horan Injured In Vietnam

John A. Horan, son of Mr. and Mrs. John W. Horan of Antioch was slightly injured in Viet Nam, and is due to receive the Purple Heart.

He is with the army engineers and was building a fence across the river when the enemy jumped them. He wrote: "We had several injuries in our company, but we injured around 200 of them. Guess that will teach them not to fool around with the engineers."

John has been overseas in An Khe, Viet Nam since last November and is counting the days until he will be home next Christmas.

He wrote his folks that he has been receiving Project Viet Nam packages regularly, and the Christmas package arrived within seven days from the date of mailing.

Rescue Squad Has Outing At The Abbey

Members of the Antioch rescue Squad and their wives had an outing at the Abbey at Pontiana, Wis., for dinner, dancing and swimming, recently through the generosity of John R. Teresi, Everett J. Otfedahl and the State Bank of Antioch.

The Rescue Squad was not left unguarded, as retired members were on call to serve the needs of the community.

Frank Roblin Doing O.K. Since Accident

Frank Roblin finally had the cast removed from his left foot and is doing O.K. He suffered injury to the foot in a road grader accident last October.

He is working at present in the drafting department of the State Highway Department in Elgin.

Board Okays Summer Music Camp For ACHS

At the January 17 Antioch Community High School Board meeting, Joseph Rush, chairman of the Fine Arts Department, requested authorization for the participation in Summer Music Camp, to be held at Lake Blooming-ton in June. The board granted this request. Last year, a total of 137 students attended. The highlight of the Music Camp last year, was a program which was put on by all members of the camp, with a performance following at the State Fair in Springfield.

Mrs. Ruth Esterline, Girls Physical Ed instructor, is resigning as she and her husband are moving to Ohio. Miss Lora Keenan of Lake Forest will replace her. Miss Keenan will graduate from Indiana University in January and will begin teaching in Antioch on Jan. 29, the beginning of the second semester.

She will be the Girls' P.E. instructor as well as sponsoring the GAA and Color guard.

Ward Lear received permission to attend a meeting of the Illinois Vocational Association (Business Education Division) on March 8 and 9 in Chicago and Ted DeRouse was authorized by the board to attend a Football Clinic at Grand Rapids, Mich., Feb. 2, 3 and 4.

The minutes from the Articulation meeting were read and discussed by the board.

Carey Electric and Plumbing Co. was given the green light to go ahead with the addition of some heating coils in the Special Education Room at a cost of \$200. Bus tire bids to purchase two tires were awarded to Ted's State Line at a cost of \$132.80 for both.

Two Local Men In Accident

Daniel L. Johnson, 19, of Lake Villa and his passenger, Richard G. Miller, 22, of RFD 4, Antioch, were treated in St. Theresa Hospital recently for injuries received in an auto accident.

The accident occurred on Routes 21 and 83 south of Rte. 132 in Lake Villa township. According to the sheriff's deputy, Johnson's car ran off the road through a tavern parking lot, into a snowbank and into a field.

Antioch Okays \$200,000 Loan For Library

Voters of Antioch township Tuesday, unanimously approved the library board's decision to borrow \$200,000 for the construction of a new library in Antioch. The First National Bank of Antioch is making arrangements for the loan.

Construction will start as soon as the Federal grant of \$50,000, which was applied for by the library board, comes through in March.

Linda J. Schultz, 23, of Rte. 2, Antioch, was arrested for failure to yield right of way in a minor accident.

Roger Andrews of 995 Victoria St., Antioch, was traveling north on Victoria when Miss Schultz backed out of the driveway and into the right front of Andrews' vehicle.

The right side of the Andrews car was damaged, and the rear end of the Schultz car was damaged.

She is to appear before a Circuit Court magistrate on Feb. 21.

Project Viet Nam Article To Appear In Congressional Record

Postmaster Joseph Wolf received a letter from an Illinois Congressman in Washington, D. C., this week. The letter requested permission to insert an article in the Congressional Record, which had been printed in the January issue of the Post Master's Gazette, regarding Project Viet Nam.

Postmaster Wolf said: "Project Viet Nam is supported voluntarily with the time, effort and money of so many of our citizens, that on their behalf I extended permission for the article to be inserted in the Congressional Record, knowing that it will bring further honor to this community."

Total Snow This Season: 19.6"

Remarks: In the Antioch News of December 28th, I told something of the climate in Lake Co. and with no complaints about last week's weather I'll continue with a little more.

Normally January is our coldest month and the way it started out it looked like it was going to be a dandy. The average daily high is 31°F and the low is 15°F. Making the mean temperature 23°F. (Add both and divide by two). The first ten days of January, the mean was 6.5°F, and the next thirteen days the mean was 36°F. Seven of the ten were zero or below and one of the thirteen. The highest temperature on record for January is 64°F. (don't have the date) and the lowest was -23°F. on January 30, 1951. February often has days as cold as January but these cold spells are usually of shorter duration. The temperature falls to 32°F, or below, on an average of 135 to 140 days annually.

Winter months are the cloudiest with an average of less than 45% of the possible sunshine from November through February. Percent of possible sunshine increases to a maximum average of 70% in July and August.

Last weekend was an exception with almost 100% sunshine. Hope you all enjoyed it as much as I did.

License Dilemma

A new food store in our town was given a beer license recently — and there are a few things that puzzles us.

One of the reasons given was that if the store had been here when the village opened up the licenses it would have received one.

We will buy that.

Another reason was that beer is now considered as part of the total food outlet package.

That we don't buy.

And neither do the Lake County Tavern Owners Association, the president of which asked us the other day if he can put beans, bread and milk on his shelves.

Another thing that puzzles us is the maneuvering it takes to get it in. The beer, that it.

It seems there is a clause in the ordinance that says anyone with the license must be a resident of Antioch, and, presumably the license holder in this case.

It was pointed out to the owners of the store, however, that this could be accomplished by the designation of one of the employees, who lives in Antioch, as the holder because the owners of the store do not reside here.

Now this immediately raises at least two questions in our minds.

If anything happens, say a Dram Shop case, or a sale to minors, is the license holder, a resident of Antioch, the responsible party or the owners of the store — who secured it.

And, does the holder receive a share of the profits in the sale of the beer — or is this just a way to beat the ordinance?

March Of Dimes

Next Tuesday some 40,000 mothers will be knocking on doors as the climax to the month-long January campaign for the March of Dimes.

This year marks the 30th anniversary of the National Foundation-March of Dimes in the field of health.

The organization was originated in 1938 by President Franklin Delano Roosevelt "to lead, direct and unify" the fight against polio.

Hard-hitting research produced the vaccines which nullified polio and so the organization branched out and today's target is birth defects.

In Illinois alone the estimated number of yearly birth defects is more than triple the number of polio cases reported in Illinois' worst polio year, 1952.

There are more than 15 million Americans of all ages with birth defects and each year some 250,000 newborn infants are stricken; 1,375,000 children under age 6 are disabled; 18,000 infants die in their first year.

Your contributions can help change these figures.

We urge your support for this worthwhile project.

Courthouse Notebook

By Lou Durkin

They turned out 300 strong last week to pay tribute to Honest John Daly, Waukegan bail bondsman and the area's answer to Toastmaster General George Jessel.

Scene of the testimonial was the Manville Club and taking over the master of ceremony task filled so capably over the years by the guest of honor was Waukegan businessman Ken Sams.

Arthur (Red) Tindale, business manager for the Bartenders and Waitresses Union, was in charge of distributing the door prizes, but it was probably only coincidental that an unusually large number of prizes went to his union and bistro bosses.

Waukegan Supervisor Robert Dickson earned brickbats from county officials and courthouse employees because he apparently forgot he was responsible for the sale of tickets in the county monument.

Despite all this, however,

the party was a success and for the first time in his life Daly was speechless.

Antioch Pubowner Mark Turner is the new president of the Tavern Owners Association of Lake County and he apparently is going to be a working president.

Among his early targets are the sharp increases in the Dram Shop Insurance and the recent increase in the price of shorty beers which he claims might smack of price fixing by the major breweries.

Turner, who is one of the more active Democrats in the area, is planning to be a candidate for Delegate to the Democratic nominating convention in Chicago next summer.

He doesn't expect much organization support, however, because he isn't exactly secretive about his intention to cast his vote for Bob Kennedy should the New York Senator's name be placed

Your Congressman Reports....

By Cong. Robert McClory

It is not surprising that the distinguished economist Elliott Janeway has described U. S. economic policy as "amateurish." The program announced recently by President Johnson aimed at correcting our balance of payments deficit would certainly seem to fit that description.

While the American dollar has worked miracles in financing and promoting economic growth of the world (principally Western Europe) it is essentially our private enterprise system which has achieved this miracle. Government spending abroad has frequently had the opposite — even corrosive — effect.

Now, the President aims his attacks at the private sector while vowing at the same time to maintain "Government" expenditures overseas.

If implemented by legislative and executive action, the consequence of the Administration's program could be disastrous.

(1) The miracle of the dollar in international trade is based on "confidence" in the dollar. The President's statement is bound to induce a lack of confidence.

(2) Curtailment of private foreign investments will have the effect of reducing the demand for dollars and could adversely affect our trade balance.

(3) Imposition of a head tax (of, say, \$100 on those who travel abroad would affect primarily students and teachers — and would sacrifice many of the gains which flow from such people-to-people diplomacy. In addition, foreign travel by Americans helps provide the foreign exchange with which to help finance American exports.

(4) Most importantly, the President's statement fails to take note of the primary threat to the American dollar, i.e., poor management of our governmental fiscal affairs. The President recognizes the

ed in nomination.

The early line on the county board chairmanship race has Warren Supervisor Robert Depke moving out in front as the word is bruited about that Supervisor Joseph P. Welch, of Cuba, and Guy Grinnell, of Libertyville, have spoken.

The youthful Depke is in his second term on the board, but his father served in the job and the young supervisor has been well-served in board politicking in preparation for seeking the chairmanship.

There's always something new in politics and now it's the press conference to announce the non-candidacy of an unannounced candidate.

One-time candidate for the U. S. Senate William Rentschler called the press together last week to disclose that he would not be a candidate for Lieutenant Governor and among the reasons given was the bundle of loot Robert Dyer expects to spend in seeking the nomination.

Although the non-candidacy announcement is new it isn't exactly earth shaking.

Rentschler probably earned some "Brownie" points with Senator Charles Percy by his suggestion that he would not be averse to replacing the state's Junior Senator when he moves up to the one or two spot in the country.

Sen. Percy is probably flattered by the expression of confidence, but one wonders how Senator Everett M. Dirksen must feel when he reads speculation that this political leader or that is supporting a gubernatorial candidate in exchange for appointment to the Senate should the veteran Minority Leader be forced to vacate his post or fails to survive his upcoming term.

There's something ghoulish about the speculation, but there is not much room for sympathy or tenderness in politics.

dependence of the Free World on the stability of the dollar. However, he fails to take account of the warnings from fiscal experts including foreign officials that our domestic economic house must be put in order.

The impact of the Vietnam War and other military spending is an obvious root cause of our present balance of payments dilemma. However, these expenditures (unless abandoned) should not excuse government from adjusting to the necessities of our defense requirements. What is essential, under the circumstances is the establishment of an overall top level of Federal spending and the creation of a schedule of priorities within which the national government should operate. Meanwhile, our national economic policy should provide encouragement and strength to the private sector.

Improvement in our balance of payment position depends upon doing more business abroad, selling more, traveling more, investing more and reaping more of the benefits of investment, travel, and trade.

The stop-gap policies announced by the President appear to be aimed in the opposite direction.

254 Heart Cases For Lake County

Traffic Deaths Next

Heart trouble, with 254 cases handled by the Coroner's office, was the number one killer in Lake County.

Traffic fatalities were next with 94 deaths resulting. This was a decrease of 18 from the previous year which had the all time county record of 113.

Suicides claimed 36 lives—an increase of 3 over 1966 and drowning rose to 20 from a total of 11 the previous 1966 year. Deaths from cancer were reduced from 11 to 5.

There were 19 crib deaths in 1967—a rise of 8 over 1966. The following is a breakdown of the cases covered and the fatalities in Lake County:

Heart cases 254, traffic deaths 95, Suicides 36, Drownings 20, Homicides 19, Crib deaths 19, House fires 9, Carcinoma (cancer) 5, Shooting accidents 4, Pneumonia 3,

Meningitis 2; Exposure 2; Car fire 2; Fall in nursing home 2. T.B. 2, Garage Fire 1, Trailer fire 1, Coffee burns 1, Lighter fluid burns 1, Electrocution 1, Diabetes 1, Sepsis (blood poisoning) 1, Fetus 1, Stillborn 1, Alcohol 1, ice fall 1, Cave-in 1, Baby found in plastic bag 1.

A record of 136 inquests were handled which is an increase of over 10 over last year.

During the year 1967, Clavey's office returned an all-time record in Coroner's fees which were collected and returned to the county Treasurer in the amount of \$31,400 for his first three years in office.

Clavey remarked: "We, in the Coroner's office hope that we have made it clear that as public officials, we are working for you and will continue to do the job in an honest and efficient manner."

Board Selects Name For Junior College

The Lake County Junior College Board selected a name — "College of Lake County" for the new college. The name picked unanimously, may or may not be the final choice, as there is always the possibility, according to Mrs. Sandee, that the board may change the name later on.

William Hartnett, of Grayslake was appointed attorney by the Board to act as their official counsel.

Hartnett has offices in Waukegan, and according to Mrs. Roland Sandee, Hartnett was appointed for an indefinite term and will begin his duties immediately.

A reconvened meeting will be held tonight (Thursday) at 7:30 p.m. in the Ad building of the Lake County Court House in Dr. Petty's office.

Regular meetings are scheduled for the second Tuesday of each month.

The three storage areas of the home — attic, basement, closets—are the spots where 16.4% of all dwelling fires originate.

Lake County Soil Mapped

According to the Lake County Soil and Water Conservation District, Lake County is completely soil mapped. This means that the Conservation District can provide soil information about any parcel of land in the county.

Information is available from the District Office in Lake Zurich, showing limitations of the land for various uses such as Agricultural Crops and Specialty Crops; Pond Sites and Small Reservoirs; Wildlife Areas; Recreation uses; Streets and Buildings; Septic Filter Fields, etc.

This information is particularly useful to town officials who are planning land use in their individual communities. Realtors are also using the information to provide better information to their clients. Soils, like people, have different capabilities, and many landowners are using soils information now to help them make decisions on the best use of their land.

Soil data about a parcel of land is available without charge by request from the District Office Phone 438-6319.

Forty-one thousand seedling trees have been ordered to date for planting in the spring of 1968. 37,000 of these are to be planted by the District tree-planting machine. For those who desire to plant their own trees, a new service is available this year. Five tree-planting bars (or dibbles) will be available on loan from the District office. This method of planting should be particularly helpful to those who are purchasing the packet of 500 trees and shrubs designed to attract wildlife.

The Tenth Anniversary meeting of the district will be held on Saturday, Feb. 12 at the Farm Building, Grayslake. A buffet dinner will be served at 6:30 p.m.

At 7:30 p.m. there will be a panel discussion of Tree Planting and the management practices necessary to maintain a good stand of trees. A brief review of 1967 accomplishments of the District and election of three directors will follow.

Tickets can be obtained from the Directors of the District Office at 71 South Old Rand Road in Lake Zurich, or the A.S.C.S. Office in Grayslake. Donations are \$3.50 per ticket.

The board held a special meeting on January 15 and interviewed six applicants for the position of Executive Director. They narrowed the field down to three men and at the next meeting on Feb. 5, the commissioners will present three names to the Judiciary Committee and the board of supervisors will go over the commission's recommendations.

Ray Nordling...

(Continued from page one) pore very friendly," he said. "One part of the city was very modern—the other part slums—a contrast that really shocked me."

As promised when he went into service, his old job at the Antioch News was ready for him on his return and he is again working in the printing department, and might be happy to be back.

Ray managed to stay single—so stand in line girls!

Minimum Wage Hike Begins February 1

Business firms and farmers in this area were reminded today that the minimum wage for employees goes up on Feb. 1.

The minimum wage for most covered business workers advances from \$1.40 per hour to \$1.60 an hour while farm workers advance to \$1.15 per hour from \$1.

Workers due the \$1.60 minimum include those employees engaged in interstate commerce or in the production of goods for interstate

commerce, or employed in certain large enterprises. Besides farm workers, those receiving the hike to \$1.15 per hour include employees of hotels, motels, restaurants, dry cleaning establishments, hospitals and nursing homes and many more categories.

Information on the new hike can be obtained by writing the Wage and Hours and Public Contract Division of the U. S. Department of Labor, at Room 306, 3601 Devon Ave., Chicago.

Funeral services were conducted Wednesday at Abram & Sons Funeral Home, Berwyn. Interment was private.

"Weather Has To Be Bad Saturday" - Doc Solar Predicts

"As of the last 50 years, I have never had a decent birthday, as far as weather is concerned. This coming Saturday is my birthday, so we can expect the worst"—so predicts Doc Solar.

"As I was going thru the fire place logs, there was a beautiful mushroom, just as nice and springlike as could be. It shows we are going to have another beautiful year for mushrooms coming up."

Doc added, "Due to inclement weather in the past, which always seemed to interfere with our anniversary plans on January 31, I often had to take the wife out to dinner via dog sled—I imagine I could make a bad weather forecast for that day, too."

Doc made no predictions for Valentine's Day but we hope there are plenty of mushrooms.

Feb. 15 Is Deadline For License Plates

The deadline for displaying the current 1968 license plates is midnight Thursday, February 15, and merely having applied for the plates or carrying them inside the car will not constitute compliance with this ruling, he said.

Mr. Powell advised owners planning to apply by mail to have their applications in his office by February 1, and preferably by January 25, in order to be assured of receiving the plates in time for the deadline.

Processing of applications and the fact that the plates are handled by the post office as third class mail may mean that two, and possibly three, weeks may elapse between receipt of the applications and arrival of the plates at their destination, he said.

Secretary Powell added that car owners who apply immediately can expect quicker delivery of their plates because their applications can be processed before the last minute rush of applications arrive.

Millburn plans a four-room addition and contract bids are to be returned by 8:30 p.m. on Feb. 20. The board will meet Tuesday to discuss and determine a set of specifications the contractors will have to meet to get the contract.

Rescue Squad Calls

Wesley Lowther of Holiday House on North Avenue at Rock Lake Road was taken to Victory Memorial Hospital by the Antioch Rescue Squad on Jan. 20, suffering from head injuries.

George Kellogg of Timber Lake Park, Antioch, was rushed to Victory Memorial Hospital on Jan. 21.

Avery Vose Re-elected PMA Director

Avery A. Vose, nationally prominent dairy farmer and Pure Milk Association president from Rt. 2, Antioch, was re-elected to a two-year term as director of PMA district 6 at the district's annual meeting a McHenry, Jan. 19.

Other officers re-elected for the year ahead are: president, Ralph L. Nichols, Rt. 1, Hebron; vice-president, Charles P. Weingart, McHenry; secretary-treasurer, Mrs. Ferol Tomlinson, McHenry; re-districting committeeman, Norman E. Heinrich, Crystal Lake; resolutions committeeman, Ferdinand F. Dahle, Rt. 1, Walworth, Wis.; and inter-cooperative relations committeeman Ralph L. Nichols.

Walter C. Kirchner, treasurer of Pure Milk Association and principal speaker, said PMA is supporting the U.S. Department of Agriculture's recommended Chicago regional Federal milk market order with two exceptions.

The first exception is that the minimum Class I price proposed by USDA is too low. The other is that the North-western Indiana market order area should not be included.

He said PMA heartily approves the department of agriculture's inclusion of filled milk as a Class I product in the Chicago regional order, and its elimination of the supply-demand adjuster which had consistently lowered the producer Class I price by 24 cents per cwt.

Fortunately for dairy farmers, he asserted, a strong marketing agency, Central Milk Sales Agency, has been established by Pure Milk Association and the Association of Operating Cooperatives to bargain for higher producer prices and sell milk through the PMA Chicago market pool. CMSA, he emphasized, is in a strong bargaining position to improve producer prices through superpool negotiations under a market order.

"Evidence of what can be done through farmers working together is the current Chicago market price of \$5.40 for Class I milk—35 cents per cwt. higher than the price recommended by USDA in the new order. We believe this \$5.40 price can be maintained or improved, if the pooling provisions of the recommended decision are put into effect," he stated.

Kirchner announced that the PMA Chicago market pool will contribute to a \$1 million a year fund for expanding the advertising of fluid milk on the Chicago market. The program is scheduled to begin in February.

Vose presented lapel-pin awards to members for long time membership in PMA. Seven members received 25-year pins and 34 members were recognized for 35 years of service in PMA.

Nichols presented a plaque to Mr. and Mrs. John W. Pfingsten of Crystal Lake recognizing them as the 1967 outstanding young dairy couple of PMA district 6.

County Pushing Civic Booklet

The Lake County Civic Booklet, in commemoration of the Illinois Sesquicentennial is rolling full steam ahead, according to Kenneth A. Henke, chairman of the Lake County Board of Supervisors' Sesquicentennial Committee.

The Board of Supervisors, and the participants will receive from the publishers 50,000 copies of this book for distribution throughout the county and the nation to help entice new business, industry, teachers, professionals, and others to settle in Lake County.

The cost of this publication will be defrayed by the participants, the story of whose commercial enterprises will also be a part of "The Lake County Story."

Commerce Publications has already sent a team of photographers and editorialists into the area to gather memorabilia about Lake County. The format of the book will contain stories and photos showing the many advantages of settling in Lake County.

Some of the areas to be covered editorially are the educational systems, history, industrial growth, available utilities, cultural activities, recreational facilities, residential advantages, government, transportation, shopping, and churches.

Henke is urging the chambers of commerce of the various communities within Lake

Income Tax Information

CLAIMING STANDARD DEDUCTIONS VS. ITEMIZING DEDUCTIONS

Should you claim the Standard Deduction, or itemize your deductions? This is something each taxpayer has to decide for himself, says E. C. Coyle, Jr., District Director of the Internal Revenue Service for Northern Illinois.

If a taxpayer is a homeowner paying interest and taxes, if he made unusually large contributions, paid large medical expenses, or had a theft or other casualty loss, his tax will ordinarily be less if he itemizes deductions. However, if the total of his deductions is less than either the 10% standard or the minimum standard deduction, then it will probably be better to take the standard deduction.

Where married persons file separate returns both husband and wife must either itemize deductions or claim the same type standard deduction. A husband can't itemize while his wife takes the standard deduction.

The appropriate Tax Table, shown in the instructions, is used to determine the tax on incomes under \$5,000 when either the 10% or minimum standard deduction is claimed.

IRS Document No. 5107 furnishes more detailed information on this subject and may be obtained by dropping a post card to the Internal Revenue Service Public Information Office, P. O. Box 1193, Chicago, Illinois 60690.

Lotus School Board Hires Superintendent

SPRING GROVE—A tentative agreement has been reached by the Lotus School board to hire Dr. Irene Lang, 50, of Lake Marie, as the new superintendent of the school. Dr. Lang, a resident of Lake Marie since 1940, is in the teachers' training program of Loyola University Chicago, and was a former junior high school administrator in Niles.

The first year of the two-year contract calls for \$10,000 a year pro-rated and \$11,000 for the second year.

The vacancy was created by the resignation Jan. 11 of Supt. James Boatwright. Board President Harley Roettiger, who noted the board was also without a business manager, expressed the hope that interim manager Mrs. William Wiczorek would accept the full time position.

Mr. and Mrs. Bruce Crockett

Joanne Paddock Is Married To Bruce Crockett

A double ring informal wedding ceremony uniting Miss Joanne Paddock and Bruce Crockett in marriage took place at St. Peter's Church, on Jan. 14, at 4:00 p.m. The Rev. Father Henderson officiated.

Miss Paddock was given in marriage by her father and Mrs. Leonard Needham was her matron of honor. Leonard Needham was best man and Charles Forster and Robert Wlezen were ushers. Altar boy was Tommy Warner, of Antioch, the bride's cousin. Organ music was provided by the bride's cousin, Sister Diane Forster, formerly of Antioch and now at Mundelein College.

The bride wore a white cocktail length informal gown and carried white orchids, bordered with white roses.

A small reception followed at the Sail Inn, Fox Lake, for family and close friends.

The bride is the daughter of Mr. and Mrs. Charles Paddock of Bluff Lake Road, Rural Antioch, and was a 6th grade teacher at the Oakland Grade School.

The groom is the son of Mr. and Mrs. Harvey Crockett of Kewanee, Ill., and was employed by the John Deere Corp., of Moline.

After a honeymoon trip to Santa Barbara, Calif., the couple will make their residence at Solvang, California, where they will work at training horses at the Gainey Arabian Horse Ranch. The bride has won many trophies in her horse showing career, and her Arabian Horse will be moved to California where it is hoped he will continue his show ring career on the Pacific Coast.

Antioch Women Active In Creation Of New Mental Health Groups

The Antioch Mental Health Auxiliary and the Antioch Woman's Club were interviewed on WKRS on the luncheon show today (Thursday, Jan. 25), at 1 p.m.

Mrs. Joseph Horton, President of the Antioch Woman's Club, Mrs. Norman Jedele, Vice-Pres. of the Antioch Mental Health Auxiliary of the Lake County Mental

Health Society, Mrs. Anton Stanich, president of the Antioch Auxiliary and Mrs. Daniel Maras, Coordinating Chairman of New Auxiliaries for Lake County were interviewed about the progress of the auxiliary and the thrift shop. They told listeners how their auxiliary started and what progress has been made and future plans.

This week, Mrs. Maras, with the help of Mrs. Robert Lang and Mrs. William Schroeder will send out over 100 letters to different communities to try to encourage them to start additional auxiliaries.

Mrs. Stanich has called a special meeting for Feb. 20 at 8 p.m. at the Antioch Savings & Loan Community Room. Representatives from other communities have been invited to attend and they will be encouraged and helped with information regarding the formation of new auxiliaries in their communities. "Your Federal Income Tax Booklet Now Available"

Chicago, Ill. — "Your Federal Income Tax," a 160-page booklet on Federal taxes also known as Publication No. 17, is now available at most Internal Revenue Service offices throughout Northern Illinois, according to E. C. Coyle, Jr., Chicago District Director of Internal Revenue.

The booklet covers in detail the Federal income tax laws as they apply to individuals. It contains many examples to illustrate application of the laws to actual situations.

Mr. Coyle said the material is especially helpful to taxpayers who have unusual tax situations, or for

those faced with a new tax problem for the first time. Examples of taxable and non-taxable income, and of allowable and non-allowable deductions are included. A detailed index helps pinpoint answers to tax problems.

A special feature in the booklet is the sample filled-in tax return, Form 1040, keyed to pages in the booklet where explanations can be found for entries on the return.

The booklet may also be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402. The price is 50 cents.

were available, but not very often. Red Cross girls would come to the front lines and talk to us fellows, play games and cheer us up. We sure appreciated their visits as it brightened up our otherwise drab existence."

"Mail was always a much looked for event. It was dropped to us regularly by special choppers. I got quite a few Project Nam packages, and believe you me they were welcome! I especially liked the food items that gave me a change from the regular field rations. I received a Project Viet Nam Christmas card and sure appreciated it. My Christmas package never reached me, probably due to my furlough coming along around that time."

Jones continued: "For rest and relaxation, we were sent to Tai Wan and I spent nearly a week in Taipei. This is a very modern city with nice hotels and restaurants and the people on the whole were fairly friendly. We went by cable car to a resort in the mountains. We stayed at a beautiful hotel and we enjoyed swimming, fishing and boating around in a circle in a tiny boat pond."

When asked about the M-16 rifles he said, "They were o.k. but had to be cleaned constantly to keep them working right. Malfunctioning that we experienced was mainly due to not keeping the weapons clean."

"I feel the boys are doing a good job in Viet Nam," he added. "We all got quite a laugh out of the peace marches by the American hippies, who really don't know what the war is all about. I think that news of these marches built up our morale rather than hurt our attitudes."

Bill is the son of Mr. and Mrs. William Jones of Rt. 4, Antioch (just over the Wisconsin line) and has one brother John and two sisters, Betty and Virginia, in the Salem - Consolidated Grade School.

He expects to be discharged from service in June and plans on attending a trade school afterwards and will go into the mechanical field of auto and body repair.

Tax Information For Students

Students who worked part-time or during the summer may have a refund coming on their 1967 Federal income tax returns, E. C. Coyle, Jr., District Director of Internal Revenue said today.

Students are required to file a tax return if they earned \$600 or more. If they earned less than 600 and taxes were withheld from wages by their employers, they should file a return in order to obtain a refund of the tax withheld from their wages.

Unmarried students who earn less than \$900 will not owe any Federal income tax. They are entitled to claim the usual \$600 personal exemption, plus a \$300-minimum standard deduction.

Students are entitled to claim their own personal exemption when filing a tax return, Mr. Coyle said. Parents who furnish more than one-half the cost of support for their child, who is a full-time student may also claim him as an exemption on their tax return, unless the child is married and is filing a joint return with his or her spouse.

Question & Answers On Dental Health

The questions below have been selected from the many submitted to the Chicago dental society. The answers are prepared by the Society's Public Relations Commission.

Q—A few months ago my little girl, age just three, fell on her mouth. Since then her two front teeth have become very discolored. When I questioned our pediatrician about them she told me they looked to her like they were dead. Should I take her to a dentist? Will this condition in any way affect her second teeth? Will she lose these teeth before the normal age? Will these teeth turn darker and darker? We are very concerned and your advice will be much appreciated.

A—It is imperative that you consult your dentist about your daughter's teeth. They can give much trouble in the future and affect her permanent teeth. The dentist can x-ray the teeth and take the necessary steps to prevent future complications.

Q—I've had bleeding gums for quite a while now. They bleed mostly during the night. Would you please tell me if there is any sort of medicine that could be used and if there are certain foods and vitamins that should be taken.

A—Healthy gums do not bleed. May I suggest that you discuss your case with your dentist. A protein diet and vitamins can be helpful. And your dentist can instruct you in proper home care of your gums.

Q—Would there be any benefit in having a four year old child's teeth coated with fluoride if he has shown a tendency toward soft teeth? Several cavities have occurred even though we are careful with his diet and his brushes after eating.

A—Periodic topical application of a fluoride solution on the teeth by your dentist is beneficial in prevention of tooth decay. So is regular use of a fluoride toothpaste.

Q—My young son who is nearly three lost an eyetooth in a fall a little after he was two years old. A dentist advises that a bar be placed between the teeth to hold the space open. Friends—parents of children—do not think that this should have to be done. In your opinion is this dental work absolutely necessary?

A—It is very important at this time that a space maintainer be placed on your son's teeth to hold space for the permanent cuspid which will erupt between nine and ten years of age. If this is not done the teeth will shift

VA Sets Safeguards Against Discrimination In Sale Of Properties

New safeguards to assure nondiscrimination in the sale of houses repossessed by the Veterans Administration have been announced by William J. Driver, Administrator of Veterans Affairs.

Beginning this month, all sales brokers who receive listings from the VA will be asked to certify or re-certify that they in no manner discriminate in the sale or rental of VA properties.

This will be the first general certification since 1962, and will cover all sales brokers who have entered the program since that date.

Any broker who refuses the certification will receive no more listings. Brokers entering the VA program for the first time will be required to file nondiscrimination certifications before they receive any listings.

Another move will require property management brokers to file semi-annual certifications of nondiscrimination. These formerly were required only once a year.

Still another change will provide that all offers submitted for the purchase of VA properties be held for three days after public listing as a safeguard against possible preferential treatment, before acceptance of the offer which is most advantageous to the government.

Several new requirements are involved in the advertising of VA properties. The metal VA "For Sale" sign used at the properties will be altered to include the statements, "No discrimination," and "Anyone can buy."

All VA offices will be required to include the following statement in all original and re-run listings of properties for sale:

"VA properties are available to qualified buyers or renters without regard to their race, color, creed or national origin."

A similar statement will be included in any media used for listing properties, and is to appear on placards and in all VA communications to the

public regarding sale or rental of properties.

Every advertisement relating to VA owned property—whether placed by the VA or a broker—must include the statement: "VA sells its properties without discrimination."

At the present time, VA has on hand about 14,200 houses.

Hawks Named To Direct Arms Program

Manley D. Hawks, veteran Federal Bureau of Investigation agent has been named to head the state's new program to register Illinois firearms owners. State Director of Public Safety Ross V. Randolph has announced.

Hawks, who has served more than 21 years with the FBI, was named superintendent of the Firearms Owners' Identification of the Department of Public Safety.

He will direct the program involving several million firearm owners in the state.

\$318 Million Available

The State of Illinois estimates that there will be approximately \$318,800,000 available for highway improvements during 1968.

Of this amount, \$207,700,000 will be available for use on interstate highways and \$111,000,000 for non-interstate highways.

Funds for state highway improvements are derived from state levies on highway users in the form of motor vehicle registration fees, motor fuel tax, participating in specific improvements by local agencies, and federal funds.

PM&L Presents "A Far Country" Feb. 2, 3, 9, & 10

"A Far Country" begins with the departure of Sigmund Freud from his beloved Vienna in the company of a British Consular Officer. The body of the play flashes back to his first case of psychoanalysis and to the difficulties his theories cause him with the Medical Academy.

A crippled woman, Elizabeth von Ritter is brought to him who has no visible source of affliction. The scar is not on her body, he reasons, but on the mind and soul—the far country.

Freud observes that this woman enjoys pain, and begins an interrogation that builds to a scene of fused dynamite. The cause is laid bare, and we observe that the affliction is a manifestation of the woman's guilty feelings. "A human being," concludes Freud, "who is free inside himself is free everywhere."

A Far Country will be shown at the PM&L Theatre on February 2, 3, 9 and 10 with curtain at 8:30. Reservations can be made by calling 395-3052.

Dad—Turn Off TV & Send The Kids To Bed

Radnor, Pa.—Parents, especially fathers, should set hard and fast rules on nighttime television viewing for children and stick to them for family tranquility, a prominent psychologist said today.

Dr. Haim G. Ginott, writing in TV Guide magazine, said "bedtime becomes bedlam time" in many homes because children want to watch TV as long as possible and their parents insist they go to bed. The result is often family chaos. Dr. Ginott is adjunct associate professor in the Dept. of Psychology of New York University.

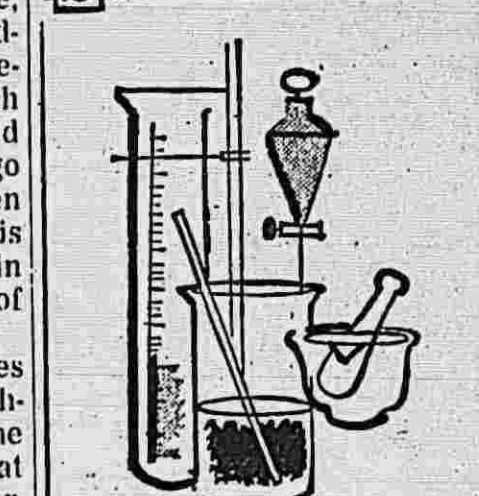

"The evening becomes prime-nagging time for mothers, and tactical evasion time for children. It is best that father, rather than mother, enforce the bedtime laws. The rule should be stated tersely and firmly: 'At 8 (or 9 or 10) o'clock, all TV is off.' The tone should carry a clear message: 'This demand is for real. I mean business.'"

Dr. Ginott said on special occasions children should be given the opportunity to watch an outstanding program scheduled after normal bedtime. In fact, he said parents should bring such programs to the child's attention and the youngster will be reassured of their interest and

love. He also suggested that firm standards be established to avoid the modern American family conflict—homework vs. television. Homework comes first, he said, whether done right after school or following dinner.

Parents should take firm stands in such situations and children will be more appreciative, he said.

Symbol of Better Health

Rx Stands For Prescriptions

There are many theories regarding the origin of the symbol, "Rx". One claims that it is an abbreviation of the Latin word "recipe." Whatever its origin, the "Rx" today symbolizes the prescriptions that help us attain better health, longer life.

Fox River Octopus Was Never Stuffed

More on the octopus that was caught in the Fox River back in June of 1942.

Timothy Healy of Antioch, remembers the incident well. Two men were in the boat on the Fox River near Wilmet, when the octopus climbed into the boat. One of the men was an automobile electrician and had a store on Cicero Avenue in the 3700 block. He put the octopus on display in the store window until the stench forced him to dispose of it.

A basket in the making, and plenty of action in Sequoit Varsity game Fri., Jan. 19 with Lake Zurich Bears. Joel Strahan led the Sequoits with 24 points and

also starred on the boards with 18 rebounds. Antioch won 86-60.

Sequoits Scalp Lk. Zurich 86-60

The Antioch Sequoits, sporting some changes, walked over Lake Zurich last Friday evening, 86-60.

The Sequoits looked like the "Fighting" Sequoits as they rolled to an early lead and increased it till they led at one time by 30 points. Stated Coach Andrews, "This was one of our better games, great team play, excellent rebounding and the desire to win. All these factors make for success."

With Joel Strahan playing his best game of his career, the Sequoits moved to a commanding 23-13 lead at the end of the first quarter. Strahan, by far the individual star of the game, took scoring honors with 24 points and in the all-important department of rebounds, he led both teams with 18.

Dave Camp, Bill Smith and Bill Blecke all contributed to the scoring and helped the Sequoits control the boards

with 43 rebounds to only 25 for Lake Zurich. Jim Carlson did a fine job on defense, and also fed his teammates real well, as he had several assists.

All the players on the squad entered the game and played well. Maybe this is going to be an indication of what is to come. "It felt real good, looked great, to see the team explode in the first half, that 31 point second quarter was terrific," said Coach Andrews.

This weekend the Sequoits travel to Lake Forest to take on the Scouts, the leaders of the conference with an 8-0 record. The Antioch team received a jolt Tuesday, as Joel Strahan was injured in practice and may be out of action for this weekend. Also on Saturday evening the Sequoits entertain the Grayslake Rams Saturday is also "Parents Night," an honor night for the parents of the

varsity players and varsity cheerleaders.

Antioch Wrestlers Keep On Winning

Defeat Cary Grove 27-15
Defeat Grayslake 39-9

Antioch wrestlers defeated Cary Grove 27-15 on Thursday and on Saturday, Jan. 20, they defeated Grayslake 39-9.

Antioch has extended their season record to 11 wins and 1 loss and their conference record to 5 wins and 1 loss.

Winners for the Cary Grove match were: Charles Diemer, Wilfred Wells, Rick Nelson, Bob Diemer, Terry Triplett, Mike Wells and Bill Revell.

Rick Nelson, a sophomore, is the son of Coach Roy Nelson. This was his first starting role at the varsity level and he got a pin. Coach Hauptman feels that Rick has a bright future in wrestling. He is undefeated at the

sophomore level. Winners of the Grayslake match were: Wilfred Wells, Dennis Pleviak, Gary Arner, Bob Diemer, Terry Triplett, Mike Wells and Charles Hollacker.

Antioch Graduate Wins Varsity Letter

Mercier Talks To Lions On Hunting Trips

Hunting and fishing throughout the world was brought home to more than 80 Antioch Lions Club members and their guests Monday when Art Mercier, Outdoor Editor of WBBM-CBS Radio, spoke at a dinner-meeting in Lorenz's Smart Country House.

Mercier, whose outdoor shows average over 100 phone calls a week, presented two short films on goose hunting in Canada and duck hunting with former big league baseball player Ted Williams in Kentucky.

He also talked on fishing, particularly with emphasis on lake trout in Canada.

Mercier has recently been named to the Montgomery Wards Sports Advisory staff and spends several times each year to take trips with Boy Scouts, YMCA groups and neighborhood children, teaching them facts of outdoor living.

Bob Diemer

Bob Diemer, a senior, has an outstanding record of 12 wins and 3 losses in wrestling matches.

Coach Hauptman said: "I feel that Bob is one of the most improved wrestlers on the squad this year. If Bob could learn to make fewer mistakes, he would be an outstanding wrestler."

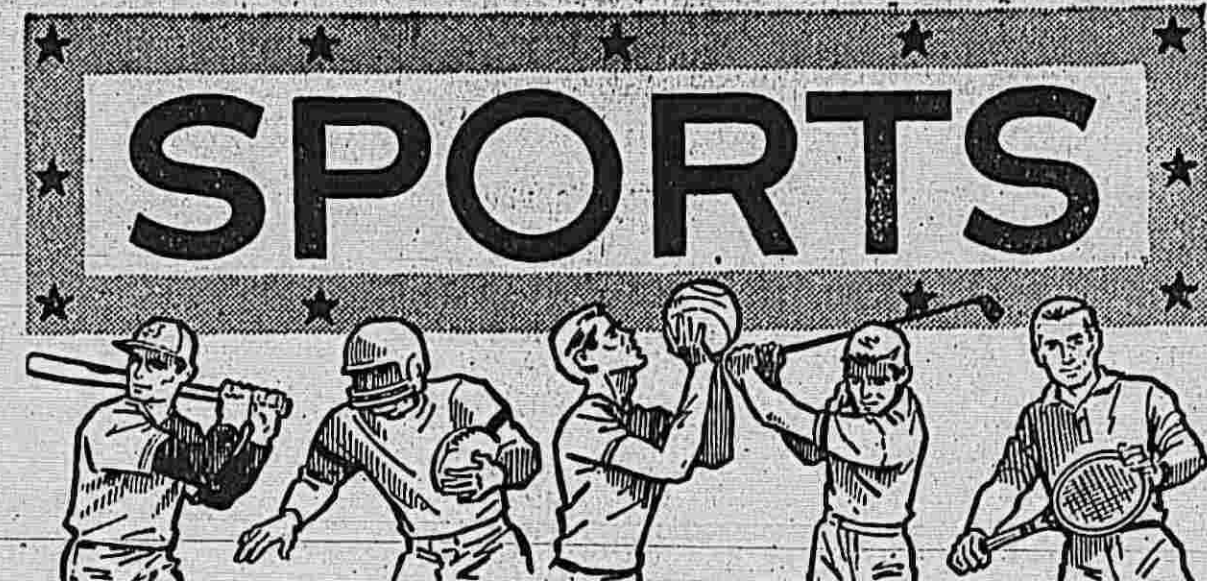

"I feel that he is overcoming some of his bad habits," Hauptman added, "and if by the time tournament time comes he has improved even more, he will definitely be a contender for the conference championship."

Mike Wells

Mike Wells, a senior and Captain of the Antioch Varsity Wrestling team has an outstanding record of 10 wins and 3 losses. Two of Mike's losses could have gone either way. Coach Andrew Hauptman feels that he will be able to revenge two of the losses at conference time.

Mike has been doing an outstanding job in leading the boys in practice and helping Coach Hauptman keep discipline. "If he continues working hard, and has success," remarked Hauptman, "we feel that we might be able to get Mike into college on an athletic scholarship."

THE ANTIOCH NEWS 6

Good News - Tobogganing Enthusiasts

For tobogganing enthusiasts, Honey Bear Farm, Powers Lake, Wis., has just completed installation of its first toboggan slide.

Honey Bear Farm, one of Southeastern Wisconsin's most popular year-around visitor spots, is near Lake Geneva.

The farm is owned and operated by Carson Pirie Scott & Co., Chicago, a leading Midwest department store organization.

Open Wednesday thru Sunday from 10 a.m. until 5 p.m., weather permitting, the slide offers a thrilling 350 to 400 foot run. It takes both six and eight foot toboggans.

Refreshments are served in a warming house next to the slide as well as in the popular Honey Bear Farm Restaurant nearby.

McHenry Sportsmen To Hold Snow Ball Shoot

By Harry Stern

The McHenry Sportsmen's Club will hold a "Snow Ball Shoot" on Sunday, Jan. 28, starting at 11 a.m.

Tender-aged Jopet steaks and young fryers will be the prizes for which the shot-gunners will blast away with shot and shell, and if this will not be enough to down the elusive targets, then they may try snow balls, the making of which fell in plentiful profusion at the last shoot. In fact, quite a few of the shooters felt they might score better with them, so much of it fell.

On the program board of contests are double, triple, and quintuple White Bird Shoots, as well as Hi-Lo, and Hi-Lo-White Bird contests. In these last two, the gunner who makes the lowest score,

and the one who bags the white bird wins a chicken for each, while the nimrod with the high tally gets a steak.

Ten bird practice rounds and Protection Shoots will round out the afternoon card. Shells and hot refreshments will be served in the warm club house which is on the west side of Pistakee Bay.

A practice session has been set for Saturday, Jan. 27, from 1 to 4 p.m.

President Wallace Manz, Fox Lake, announces the February business meeting will be held on Thursday, Feb. 1st at 8 p.m. He also pointed out that the membership rolls are still open for new members, until openings are filled. Applications may be obtained at the club shoots or on the meeting night. Visitors are welcome.

from 7:30 to 9:30 p.m. by the Chain O' Lakes Power Boat Squadron.

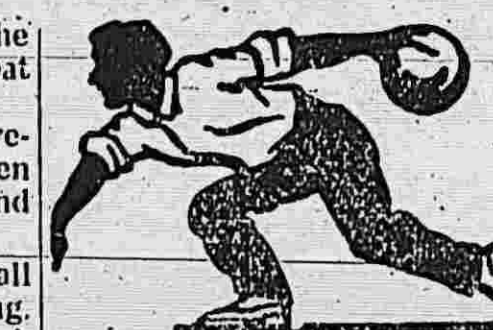

Boat ownership is not required and the course is open to anyone 16 years of age and older.

The course will cover small boat handling, river piloting, rules of the road, aids to navigation, safety afloat, seamanship, charts and piloting, compass, manners and customs, equipment and government regulations.

Lions Club Bowling Tournament Begins January 28

The Lions Club 1F District Bowling Tournament begins January 28 at Bertram's in Waukegan.

Dr. Charles M. Solar is chairman of the event for the Antioch Lions Club and expects to have the Antioch team well-represented again. The Antioch Bowlers took quite a few of the prizes in past years.

we care

do pennies make a difference in your food bill?

You bet they do.

And we should know.

We built our business by saving pennies for generations of folks like you.

For instance, take our policy on multiple-priced items.

If an item is priced 3 for 25¢, the price for one is obviously 9¢.

But what happens if you want two?

Do you pay 2 times 9¢ or 18¢?

Not at A&P.

We sell it at 2 for 17¢.

That's the fair way—the A&P way.

Yes, in the food business...

in food budgeting, pennies make a difference.

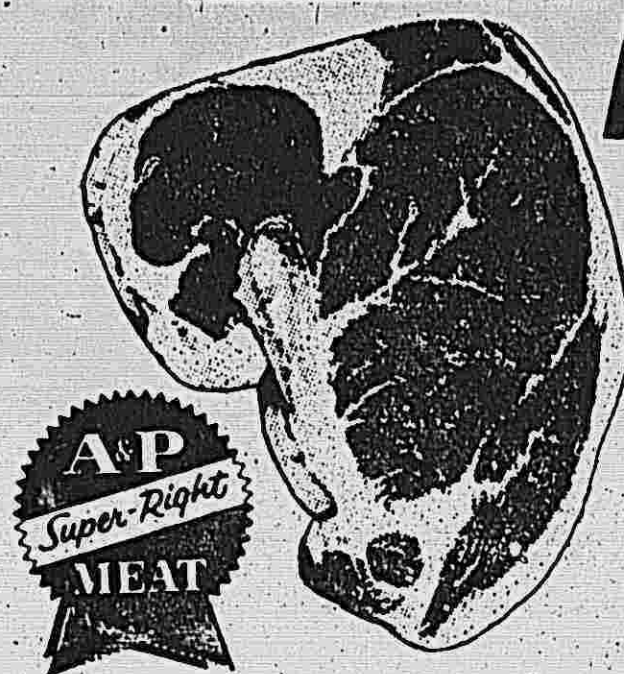

We watch them for you and for us.

Is this a good reason for shopping A&P? It's one of many.
